

## SUPERIOR STERILIZER RANGE

### FAST CYCLES. SLEEK DESIGN. RELIABLE PROCESSING.

Our sterilizers are innovative and incorporate leading technologies designed for high performance. The Superior sterilizer range also has a simple and easy-to-use user interface. Available in B, S or N Class and in sizes ranging from 6 to 60 litres, the Superior range is the perfect solution for busy practices requiring a high throughput.

#### WE SAVE YOU TIME

Time is money for any business. Our intelligent software and patented QuikSteam™ Technology, enables you to process your instruments faster than ever before. With some of the fastest cycles on the market and (on our B Class models) our useful start delay function, you can now process your instruments quickly and effectively...making sure that your time makes you money.

#### WE SAVE YOU MONEY

Your sterilizer is the heart of your practice, if it stops working, you stop working which effects your profitability. We are renowned for our outstanding reliability. Coupled with highly trained engineers who provide technical support and on-going training, and a responsive customer support team who are there to support your every need, we will not let you down.

Overhead costs can also affect your business' bottom line. On our latest B Class models, we improved efficiency by reducing water and electricity consumption by more than 20%, saving you money.

#### WE PUT YOU AT THE HEART OF OUR BUSINESS

Our sterilizers are the result of continuous feedback from our customers to our experienced research and development team, who are forever striving to provide you with the instrument processing products and services you deserve. Because we care.

Your trust is very important to us, therefore our units come as standard with all the accessories you would expect including the tray holder, trays, removal tool and water connections included in the list price. We also ensure low cost of ownership by offering you remarkably affordable, quality spare parts.

What you see is what you get, and what you get is peace of mind knowing that we put you first.

## QUIKSTEAM™

(only available on B Class models)

## ROSI TECHNOLOGY
